CERTIFICATION BODY

TÜV AUSTRIA
GMBH
Deutschstraße 10
A-1230 Wien

**Proof of compliance with the „Welding quality requirements“
according to EN ISO 3834-3**

Verification of the requirements and technical review	Requirements analysis
Subcontracting:	Requirements with sub-suppliers and sub-contractors
Welding personnel:	Welders certified according to EN ISO 9606-1; Welding coordinator certified as international Welding Engineer
Personnel for monitoring and testing:	Subcontracting to Laboratories Accredited according to EN ISO/IEC 17025
Equipment:	List of equipment.
Welding and associated activities:	Welding procedures and welding specification according to Welding procedures List Qualified Welders according to the list of Qualified Welders
Welding consumables:	Welding Consumables
Storage of raw materials:	Storage, preservation, drying and distribution of filler material
Heat treatment:	Not Applicable
Monitoring and testing related to welding:	According to Inspection Testing Plan
Non-compliance and corrective measures:	Non-conformities, Registration of non-compliance
Calibration and validation of measuring, monitoring and testing equipment	Control of monitoring and measuring equipment; list of measuring and monitoring equipment
Labelling and traceability:	Document and record control
Quality reports:	Procedure in accordance with that defined in the inspection and test plan
